

AMENDMENTS TO THE SPECIFICATION

Please replace the previously amended paragraph bridging pages 5 and 6 with the following further amended paragraph:

The movable cleaning head (39) is in the shape of a quadrate structure. A removable attachment (35) is provided on the upper end of the movable cleaning head (39) and closely fitted with the quadrate air inlet (28) of the garbage box body (20). There is an air inlet (36) at one end of this removable attachment (35) and an air outlet (37) at the other end thereof. Contacting pins (38) made of metal materials are provided on left and right side of the air outlet (37) of the removable attachment (35). Contacting pins (38) can be inserted into the contacting socket (30) at the front end of the garbage box body (20) so as to connect the power supply. The air inlet (36) of the removable attachment (35) can be connected and swivel with the outlet (40) of the upper cover (39) of the movable cleaning head (39) so that the movable cleaning head (39) can automatically adjust itself to a proper angle during cleaning work for the user's convenience. The sliding plate at the lower part of the movable cleaning head (39) has three pulleys for facilitating the movable cleaning head (39) to slide freely on the floor surface or the carpet. An extreme ultraviolet ray transmitting tube (32) is also fixed at the front end of the movable cleaning head (39). Contacting pieces (43) made of metal are provided at both the front and rear ends of the extreme ultraviolet ray transmitting tube (32). A transmitting mirror (44) made of transparent material is provided under the extreme ultraviolet ray transmitting tube (32) so that the extreme ultraviolet ray can irradiate on the floor or outside and inside of the carpet. A fixed long and soft adhesive strip (45) provided at the rear lower part of the movable cleaning head (39) help the movable cleaning head (39) push the sundries such as garbage so that they can be easily drawn into the air inlet (46) when it slides freely on the floor surface or the carpet.
